The procedure for obtaining the right to so defer service shall be as follows:

(1) File with the Ames Cable Television Commission and publish once each week for two weeks in a newspaper of general circulation in the City a map of the City of Ames on which there shall be clearly and precisely shown those places, addresses, sites or locales of the city to which the grantee intends to defer service as aforesaid and further stating:

(a) That the costs and computations showing that service to the subject areas will be non-compensatory to the grantee is on file at the Ames Public Library and there available for study and copying by any person on request.

(b) That any person opposed to all or any part of or place of such proposed deferral may file a written protest in the office of the City Clerk for the City of Ames.

(2) For those places, addresses, sites or locales for which no written objection is filed by 5:00 p.m. on the tenth business day following the last date of publication, the deferral shall be final and in effect, unless or until protested and denied by the Cable Television Commission as hereafter provided.

(3) For those places, addresses, sites or locales for which a protestor can provide written, documented evidence showing that the grantee's projected costs of service are unreasonably high or that projected revenues are unreasonably low, the Cable Commission shall, after notice and an opportunity for public hearing, approve or deny the deferral of service.

(4) The standard for determining if service to the place or locale proposed for deferment would be non-compensatory shall be whether the grantee will realize a rate of return of not less than 12% after taxes as determined by dividing projected gross receipts from customer services in the locale or place, less expenses, by the cost of construction to the place or in the locale for which service is to be deferred.
