STORAGE SHED

SUBMITTAL DOCUMENTS

- Building Permit Application (**For a storage shed with a floor area exceeding 120 square feet. Structures with a floor area less than 120 square feet do not require a Building Permit, but must follow the Zoning Ordinance regulations.**)

- Site plan showing:
 - All buildings on the property
 - Distance to all property lines and other buildings from the proposed storage shed
 - Any easements on the property

- Building plans showing:
 - Dimensioned floor plan showing doors and windows
 - Dimensioned elevations of the new storage shed
 - Wall section with size and spacing of framing members
 - Roofing detail: trusses or stick-framed, size and spacing of ceiling joists and rafters, sheathing material
 - Method of anchorage to ground (required to withstand a 90 MPH wind)

- A Certificate of Appropriateness may be required if the property is in the Historical District (application materials are available through the Department of Planning and Housing)

- Additional information as necessary to ensure safe and code compliant construction – you will be informed of any required additional information when your application and plans are reviewed*
