Subject: Resident Satisfaction Survey 2022

The City of Ames is again working with Iowa State University's Institute for Design Research and Outreach to produce, distribute, and analyze the 2022 Resident Satisfaction Survey. This will be the 40th year of the survey, which includes mostly benchmarking questions.

Each year, a small amount of space is reserved for current issue/policy questions to be added. Most policy questions require some explanation before any question can be asked. Due to the space necessary to set up the question, typically only a few additional questions fit in the survey. The Council is welcome to suggest topics, but please note there is no obligation to add to the survey.

More recently, you added questions regarding YOUR HEALTH and SENSE OF COMMUNITY (pages 9-11) to the survey, and there may be other issues related to City initiatives that would be a priority for the 2022 survey. One suggestion would be probing interest climate action initiatives or bringing back questions focused on recycling. (These were asked in 2016.)

The most recent direction from the Ames City Council resulted in updating an open-ended question from "What would make Ames cool?" to "What would make Ames a fun, vibrant community?"

Our goal with the annual survey is to use feedback from our citizens regarding their satisfaction with City of Ames programs and services, capital improvement projects, and future allocations of funding to guide future decision making. **Please consider what issues or policies would be helpful to have public feedback. Remember, you do not need to craft the actual questions because our consultants at Iowa State University provide that expertise.**

39th Annual Resident Satisfaction Survey Spring 2021
